(the "**Agent**"), pursuant to which Avino may distribute common shares (the "**Offered Shares**") from time to time through the Agent, as agent or as principal, for the distribution of the Offered Shares in the United States up to the aggregate sales amount of US\$25 million (the "**Maximum Amount**"), in accordance with the terms of the Sales Agreement (the "**Offering**"). The Offering is being made in the United States under the terms of a registration statement on Form F-10 (SEC File No. 333-214396) (the "**Registration Statement**") filed and effective with the United States Securities and Exchange Commission (the "**SEC**"), and a prospectus supplement dated August 4, 2017 (the "**Prospectus Supplement**") filed in each Province of Canada, except Quebec, to the base shelf prospectus dated November 10, 2016 (the "**Base Shelf Prospectus**"; the Registration Statement, Prospectus Supplement and Base Shelf Prospectus being collectively, the "**Prospectus**").

Sales of Offered Shares under the Prospectus will be made in transactions that are deemed to be "at-the-market distributions" as defined in National Instrument 44-102, *Shelf Distributions* ("**NI 44-102**"), including sales made directly on the NYSE-MKT. The Offered Shares will be distributed at the market prices prevailing at the time of sale. As a result, prices may vary as between purchasers and during the period of distribution. The period of distribution will be the earlier of (i) the date of distribution of the Maximum Amount, and (ii) December 10, 2018.

The Company has agreed to pay the Agent a cash commission equal to 3.0% of the gross proceeds of the Offering.

The Prospectus Supplement relating to the Offering, together with the Base Shelf Prospectus and the Registration Statement (collectively, the "**Offering Documents**") will be filed with the securities commissions in all of the Provinces of Canada, except Quebec, and with the SEC. The Offering Documents will contain important detailed information about the securities being offered. Before you invest, you should read the Offering Documents and the other documents the Company has filed for more complete information about the Company and the Offering. Copies of the Sales Agreement and the Offering Documents will be available for free by visiting the Company's profiles on the SEDAR website maintained by the Canadian Securities Administrators at www.sedar.com or the SEC's website at www.sec.gov, as applicable.

This press release does not constitute an offer to sell or the solicitation of an offer to buy securities, nor will there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such jurisdiction.

Cautionary Note to United States Investors - The information contained herein and incorporated by reference herein has been prepared in accordance with the requirements of Canadian securities laws, which differ from the requirements of United States securities laws. In particular, the term "resource" does not equate to the term "reserve". The Securities Exchange Commission's (the "SEC") disclosure standards normally do not permit the inclusion of information concerning "measured mineral resources", "indicated mineral resources" or "inferred mineral resources" or other descriptions of the amount of mineralization in mineral deposits that do not constitute "reserves" by SEC standards, unless such information is required to be disclosed by the law of the Company's jurisdiction of incorporation or of a jurisdiction in which its securities are traded. U.S. investors should also understand that "inferred mineral resources" have a great amount of uncertainty as to their existence and great uncertainty as to their economic and legal feasibility. Disclosure of "contained ounces" is permitted disclosure under Canadian regulations; however, the SEC normally only permits issuers to report mineralization that does not constitute "reserves" by SEC standards as in place tonnage and grade without reference to unit measures.
